

Design Pine™

INNOVATIVE TIMBER IDEAS

Guaranteed NOT to Rot!

30 Years Guaranteed Performance Built In™

Design Pine™ is a range of exterior siding, trim and brick mould products that come with a 30-year guarantee not to rot.

Manufactured from sustainable plantation pine, Design Pine™ is protected against decay and termite attack by a full penetration organic treatment process and is pre finished with a distinctive *blue* two-coat primer system that is oven dried and polished and is guaranteed for 1 year before top coating.

Design Pine™ is a clear, defect-free, engineered, dimensionally stable product, that is easily handled and has excellent nailing characteristics.

Proven over many years in the harsh climate of Australia, Design Pine™ is now readily available in the USA.
